MY SCHOOL DAYS
A RECORD BOOK

Feeling guilty that you haven't scrapbooked every last breath your little angel took since birth? At least you can start now, and in a pared-down way that won't leave you with paper cuts up to your elbow. *My School Days* is a stylish record book that you can fill in from preschool through to Year 12, with space for them to fill in information about themselves, their hobbies and likes and dislikes. There's even room for photos and a pocket for each year in which to keep a selection of favourite artwork, report cards or certificates. Way better than a box under the bed in the spare room.
